Short Profile of Organisation:			
<p>Malta Resource Centre set up in 2004 following Malta's membership in the EU is an SOS Malta initiative to support and strengthen civil society NGOs in Malta.</p> <p>The main aim of the Malta Resource Centre for Civil Society Non Governmental Organisations is to provide capacity building as a means to help NGOs and groups working for social change, development, health, environment, culture and the fight against poverty and social exclusion become more effective and efficient and better equipped to operate and participate within the European Union, specifically to influence policies and plans and access EU funds. Our vision is to provide stronger identity for the NGO sector and to develop structured systems of NGOs representation</p> <p>This is done through the setting up of networks, providing a forum for sharing good and useful practices, provision of training and consultation, research, projects development, providing technical assistance for applying and managing EU funding and the promotion and development of corporate social responsibility (CSR).</p> <p>MRC is a non-profit, non governmental organisation. It is independent of Government and any political party or organization.</p>
